**HAZEL GREEN, KY.:
WEDNESDAY, MARCH 4, 1885.**

ANNOUNCEMENTS.

We are authorized to announce D. C. GOSNEY as a candidate for the legislature, subject to action of the democratic party.

SALUTATORY.

Today we issue THE HERALD, GREEN HERALD, the first newspaper enterprise ever inaugurated in the county of Wolfe, and as its editorship is but proper that we lay before its readers our future course.

THE HERALD will be a home paper, and its columns devoted to home interests, first of which is the development of the resources that lie around us in every direction—the great wealth of coal, timber and minerals—and to this end we shall publish all facts calculated to induce the investment of capital or the immigration of honest industry.

We shall advocate the strictest economy in the administration of county, state and government affairs, and, that we may not be hampered in our efforts in this direction, will have no part or parcel in politics. THE HERALD is, therefore, not will continue to be, independent—the organ of no oligarchy, of no party, in or out of power, of no political or political politician; nor will it play the part of sycophant to any candidate or any office—but with fair or favor it will watch the interests of our people with a watchful eye, and should there be any wrong committed by any officer, he be demoted or removed from office, and let the law take its course.

THE HERALD will publish all the news of the county government and general news calculated to interest the people of this section. In short, THE HERALD, and will in the future be published for the people of Wolfe county, Eastern Kentucky—the mountain state—and will do all in its power to advance their interests—first, last, and all the while.

Having the policy here outlined may seem satisfactory to our patrons and friends, we subscribe ourselves,

The people's humble servant,
SPENCER COOPER.

OUR RESOURCES.

No section of our country, perhaps, in the United States offers such a chance for the investment of capital and quality of our resources as the county of Wolfe. We have a coal field of 100,000 acres of white pine timber, and are equalled as lumber producing south of the celebrated Michigan peninsula, which would supply Cincinnati, Louisville, and other cities to come. Besides we have the finest black walnut for the manufacture of furniture known, many of the trees being five feet in diameter and forty feet long from the cut to a fork. A large percentage of this walnut is known as the "white pine" which for ornamental work surpasses anything yet discovered, and we have it in such abundance, with proper transportation we could supply all the furniture factories in the country for an indefinite period. Speaking of the coal which may be found here in unlimited quantities. Hon. THOS. TURNER, one of the best posted men on the subject in our section, says: "In the counties of Wolfe, Morgan, Magoffin, Floyd, Martin, Letcher, Pike, Perry, Breathitt, Clay, Leslie, Knox, Elbert, Harlan, and Lee there are found valuable deposits of the finest, purest, and the latest varying in thickness from two to seven feet or more, but the latter is exceptional." Near Camp-ton, in our own county, is a coal bank ready to contain the finest coaling coal, except one in Pennsylvania, of any known, while in Floyd county is a coaling coal of a superior quality. We again quote from Mr. TURNER's letter the following on the subject: "The counties of Greenup, Lewis, Carter, Bath, Mifflin, Wolfe, Powell, Lee, Owsley and Jackson, are underlain with rich deposits of coal from one end, and the whole of the counties spoken of are covered with forests of the finest yellow poplar, yellow pine, walnut, maple, cucumber, ash, white oak, red oak and other valuable timber." We are sorry that space and time will not permit the reproduction of Mr. TURNER's letter complete, but promise our readers that we will try and publish something from him shortly.

NEAL NOT HUNG.

Wm. NEAL, who was to have been hung at Ashland on last Friday, is now in jail at Mt. Sterling. Lieutenant-Governor HISTON, having granted a respite for sixty days. According to previous arrangement he was taken from the Mt.

Starling jail by TRIG. PRATER, Deputy Sheriff of Boyd county, to Ashland, to be hung. It is said that he there met HEPLIN, the detective who worked up the case against him, at one of the hotels, and openly accused him of having sworn falsely at his trial, and that HEPLIN cowered under his gaze and hung his head, and that NEAL said to him, "You are here to-day to see me hung, but I will not hang." He was afterward taken to the gallows, but just in the nick of time, a dispatch came from the lieutenant-governor for a stay of proceedings. Thus apparently, Providence interposes in behalf of an innocent man, and there is yet time, if NEAL is not the guilty one, for that blood-stained criminal to come forward, confess and save him.

There were eight thousand people on the ground to witness the execution. As soon as the dispatch was read, the sheriff's posse, taking advantage of the surprised multitude, slipped away with their prisoner and made their way across a mountain and reached the train. It seems that they were followed, and that after the train had left the E. K. junction, the party following some of whom were the prisoner's friends and some his enemies, got into a fight, in which four men were killed outright and eight others wounded.

CLEVELAND'S INAUGURATION.

Today GROVER CLEVELAND will be inaugurated as president of the United States, the first democrat to hold that office since Mr. Buchanan retired.

Looking at Mr. CLEVELAND's elevation to the presidency from a purely independent standpoint, we are of the opinion that he will prove himself the man for the times. We believe he has too much will power to be driven by the dictates of party to anything which in his opinion is not best for the country. We do not believe that he will allow the fanatics of the party to make a tool of him. We think he will rise above party prejudices, and do for the country what in his judgment is best for its interests. Briefly, we do not think he will prove a party president. And if he proves as wise in the White House as he did in the gubernatorial chair at Albany, we do not believe that any man, who has the good of his country at heart, will regret his selection. At least let us hope that he may prove himself the people's president and the country's friend.

Call for Precinct Convention.

Pursuant to a call made by J. C. Lykins, chairman of the democratic county committee of Wolfe county, the members of said committee met at Camp-ton, on Feb. 18th, 1885, to call for a precinct convention in Wolfe county to represent this legislative district in the next general assembly of the state of Kentucky. According to means said committee decided, it being Wolfe county's time to nominate and present a candidate for said office, it was moved and unanimously adopted that each precinct in Wolfe county hold a precinct convention on April 4th, 1885, between the hours of 12 and 4 o'clock P. M., and only the legal democratic voters present to be counted, and the candidate to be elected to his full strength, and said strength to be carried by a delegate appointed by said precinct convention to a county convention, to be held at Camp-ton on the 6th day of April, 1885. Each precinct convention shall nominate one delegate for each of the candidates, who will report to the county convention the full vote for each candidate in the various precincts in the county, and that said county convention the candidate receiving the highest number of such legal democratic votes shall be declared the choice of Wolfe county, for representative from Wolfe county, to be voted for at the district convention to nominate a candidate to represent the legislative district composed of the counties of Montgomery, Menifee, Powell and Wolfe. The democratic county committee of each precinct are requested to call to order and organize the convention in their respective precincts.

THE HAZEL GREEN HERALD and the Sentinel-Democrat are respectfully requested to publish the proceedings of this meeting.

The meeting then adjourned.

A WORD TO THE LADIES.

You can't afford to shut your eyes to the advent of any new discovery or invention that will make life easier or work more pleasant. You would be unwise to ride in a stage-coach, while Steam Engine and Palace Car would make you as comfortable as a feather bed. You would be unwise to sew on a treadle, while the NEW AUTOMATIC WHITE SEWING MACHINE, 300,000 White Sewing Machines now on hand, will make you as happy as a queen.

The WHITE Sewing Machine IS KING

IT IS THE SIMPLEST AND MOST DURABLE SEWING MACHINE MADE.

WE ARE ANXIOUS TO HAVE A GOOD ACTIVE PERSON IN EVERY TOWN TO REPRESENT US.

Swango Springs.

The Water of Life for Afflicted Humanity.

IRON IS KING.

These springs are located three-quarters of a mile from the beautiful town of Hazel Green. The water is pure, and contains a large percentage of iron than any other water known, hence it is the most valuable in the cure of "Chlorosis"—used internally or externally. Among the many diseases which this is held to, and for which this wonderful water is known to be a positive and permanent cure, are the following:

CONSTITUTION, DYSPEPSIA, SKIN DISEASES, SCROFULA, CATARRH, RHEUMATISM, NEURALGIA, NERVOUSNESS, &c.

We append a few of the hundreds of testimonials which have been rendered as to the efficacy of this water in disease.

One lady writes: "I am so thankful to the Great Giver of all Blessings that I tried Swango Springs. Freely do I give the time & money spent there for the health and strength I now enjoy."

A gentleman of Illinois says: "I think the water of Swango Springs did me more good than all the nostrums I have ever tried. I will certainly be with you again next spring."
